1. On-line manuscript review process

- 1) All proposed manuscripts for publication in the Korean Journal of Anesthesiology will be processed exclusively online.

Please use the "Questions and Answers" section of our website (<http://www.editorialmanager.com/kja>) for any concerns you may have vis-à-vis problems, questions, or suggestions for improvement. You may also direct them to the attention of the electronic manuscripts processing manager (editorial manager) (MEDrang, +82-2-6711-4711).

- 2) Processing publication-related inquiries for newly submitted manuscripts through the main number of the KJA would cause undue burden for the KJA in its general duties.

As such, these inquiries should be made entirely online in the "Questions & Answers" section of the website. Requests and orders - including the expected date of publication and the status of manuscript under review - should be made online, and responses shall be provided without delay upon confirmation.

2. Information and regulation for submitting manuscripts

- 1) The corresponding author will be notified by e-mail whenever there is any change in the status of a submitted manuscript. Authors could also obtain this information directly through

the website. The KJA will respond to all review inquiries. However, the expected Vol. No. cannot be provided, if it has not yet been confirmed; as such, we would not be able to entertain inquiries on this matter.

- 2) Doctoral and Master's dissertations should abide by the manuscript submission guidelines of the KJA and should accompany a scanned file of the thesis title and the signature(s) of the examiner(s). This information should be entered in the "Paper Information" section during the online submission process.
- 3) The corresponding author should be a faculty. The corresponding author will be notified by e-mail whenever there is any change in the status of a submitted manuscript, and any resubmission can only be made by the corresponding author.
- 4) A manuscript needs to be resubmitted if there is a change in the makeup of the manuscript authorship; thus, special care should be taken when registering authors.
- 5) Manuscript review is terminated after two reviews, but a member of the review committee may request for a 3rd review.
